1. UVOD (Introduction)

Hello, good morning! As you hear, today our lessons will be in English, starting with English-
mania.

VIDEO

Questions

What is a mania Ted talking about?

What is mania?

Why the video began with teenage girls (no boys), who screaming, try to climb fences (irracional behaviour, became totally mad)?

The last shot shows us Chinese people, who are learning English few lessons per day to pass an exam. Why

2. Motivacija (MOTIVATION – Activity 1)

I know you are good at English, so I am sure, you will not have problems to put together a word (with the corresponding), picture and description, which belongs to that word. (10 minutes)

OK. Now I am going to show you a sequence of pictures and ask you to name them.

For example, Jash, could you tell me the name of this picture?

And Katarina could you describe this word?

3. Mobilizacija (Activity 2)

Now you are going to draw four graphs.

Please, listen carefully, because I will speak in English, and you should write the equation for each graph.

First one will be y is equal to x .

Second will be y is equal to x squared ($y = x^2$).

The third equation is y is equal to two times x plus four ($y = 2x + 4$) and the last two is y is equal to one over x ($y = \frac{1}{x}$).
